Re: Petition number 99P-4613

Dear Dr. Beaulieu:

I am **writing** to you this morning about the above referenced petition to have the FDA's approval of **Posilac** revoked. You have the evidence before you already.

I implore **you** to protect the health of the public and see that **this** hormone is taken off the market **and out** of our food supply immediately.

Sincerely,

Rachel E. Debus
